Princeton and Yale.

The greatest of the season's games, however, and the real struggle for the Eastern championship, will be the game at Princeton Saturday between Yale and Princeton. Book teams appear to outlass Harvard on the season's showing, and interest, therefore, is greater than that in the Harvard-Yale game on the following Saturday. Princeton was beaten in a flinky game by the Naval Academy by a single point, but since then has played a great tame. Yale, too, was beaten il to 6 by West Point, but Referee Thompson, who officiated in the game, pronounces the victory no real test of Yale's strength the decisive score being made after a long run following a Yale fumble. Last Saturday Princeton deteated West Point 12 to 8, in a game in which the Jerseymen developed the most consistent defense and the most powerful offense shown this sason, according to foot-ball crites.

Now that the campaign is over, and the song witch Miss Meredith has been reguling the patrons of the Bijou Theetire this week is a little passe, to say the least, it is hoped that she will take a bint and return to that delightfully refreshing refrain. There's Nothing Too Good for the trish. That song suits her better in every way-voice, tentiment, tune and expression, than the one sho into been giving us. Mr. George S. Wallace, whose mether and sister live in Richmond, has just been elected prosecuting attorney of Cabell county, W. Va., by a handsome majority. Mr. Wallace began his career with the Chesapeake and Ohlo Raliroad and rose to the position of train dispatcher at Huntington. Some years ago he studied law at the West Virginia University, and then began the practice of his profession. His election yesterday to a position with handsome salary attached is a great gratification to his many friends in this State. It is said that the position pays about \$4,000 per annum.

The Richmond Railroad Club will meet to-night at the Richmond Hotel. The feature of the meeting of greatest interest is the election of officers for the year. While no person seems to have been agreed upon with anything like unanimity. agreed upon with anything like unanimity, there will be at least two nominations. President Walsh and Vice-President B. T. A most important session of the Charter, Ordinance and Reform Committee will be held at 8 o'clock to-night, when the question of annexing territory adjacent to the city will be considered.

Representatives from Barton Heights and Fairmount will be on hand, and the fearibility of annexing these two towns will be discussed. Charles Hawtrey.

No entertainment announced for this season comes with greater promise of proving attractive than the famous English comedian Charles Hawtrey in his worderfully successful comedy-drama, "A Message from Mars." the third long run of which in New York atty, has recently been ended. The New York Herald of October 8, Boll, said, after the first productions of the play in the metropolis. "Charles Hawtrey produced "A Message from Mars." with great success at the Garrick last night. The newspaper publisher purchases a font of head-type. A certain number of all the letters are there, but in time some of the letters are lost; the font is incomplete, and "sorts," or additions, have to be made. The type founder finds supplying the missing letters expensive, and the publisher has to pay the bill. The "sorts caster" not only makes the additional type needed, but makes the font in the first instance, and supplies the missing letters at any time. Its range is wonderful. The ponderous machine of 500 pounds makes with equal case a five and a half point or agate or thirty-six point letter which is the lesson of the Hustings Court.

Immediately after the inspection the board met in the chief's office and transacted the routine work that comes before the regular monthly meetings. FARMERS RUSHED TO MARKET YESTERDAY

More Than Fifty Thousand Pounds Sold Yesterday. Prices Very Good.

The rush of tobacco to market, follow

The rush of tobacco to market, following the season of last week, materialized yesterday to a very gratifying extent, though the receipts are not yet large. More than 50,000 pounds were sold at the four warchouses yesterday, the Shoekoo warhouse leading with a sale of 23,500 at an average of \$6.50 per lundredweight. The best price paid was \$12,50.

Shelburne's was next in point of quantity, seiling 1,056, with \$12 as the highest price. A very good average was manulated throughout the sale, though the qualities offered were not the best.

At Crenshaw's warehouse, the sale aggregated 5,255 pounds at an average of mye than \$5. This house made the day's price record, seiling one lot for \$13.

The sales start to-duy at Shelburne's and thence go to Crenshaw's, Shockoe and Stonewall.

At Stonewall warehouse yesterday. W.

and thence go to Crenshaw's, Shockoe and Stonewall.

At Stonewall warehouse yesterday, W. D. Butter & Company had their best sale of the season, several thousand pounds being sold one lot going at \$11.75.

The outlook for sales is very good today, Shelburne's had a number of warsans being unloaded yesterday, while Shockoe had several in, and so did Crenshaw's. The biggest sale of the week and of the season, too, will be those of Friday, when larger receipts are confidently expected. Most of the tobacco marketed yesterday was in sufficiently soft order. The crop in many sections appears to have been cured badly, the best leaves in many cases being spotted with green and tacking uniformity of color. The leaf licks body somewhat also. Better grades will be marketed as the season advances.
